Sello-note®

Did you know?

From initial beginnings in 1958 as an embossing company based in California, Dymo© has grown to be a company with global reach. Dymo© was acquired by Newell Rubbermaid, a Fortune 100 company, in 2005, and have since broadened its product lines to include contact management software and business card scanning solutions, mailing and shipping scales and online postage. The company has plans to continue this expansion into other areas where it sees the possibility of making people's jobs easier through innovative technology solutions.
